Parent Voices Count will not disclose any personal information about it's members to other users. The data we hold is only for the purpose of distributing information to our members. You may at any point request to withdraw your membership.

PARENT VOICES COUNT!

❖ Are you a parent or carer who knows what it is like to have a child with a life-threatening or life-limiting illness?

❖ Would you like to get involved and help improve the services that your child has received?

❖ Would you like to have your say about the care your child has had?

Who are we?

Parent Voices Count are a group of parents who in recent years have been told that their child has a life threatening or life-limiting illness.

We are working in partnership with the North West Children's Palliative Care Network, with the aim to improve children's palliative care services.

What are we doing?

We have currently identified a list of projects that seek to improve current palliative care for children.

We would like to involve more parents and carers and continue to work with the Children's Palliative Care Networks in the North West to make a difference!

A few examples include work aiming to:

- * Help to ensure equipment is available more quickly and is suitable to the child's needs.
- * Try to improve waiting times for medication at pharmacies.
- * Developing a directory of services for families.

Get Involved!

You can choose to be involved by:

- ❖ Coming to our monthly meetings.
- ❖ Coming along to our family participation days.
- ❖ Joining a project.
- ❖ Giving your feedback by email, text or phone.
- ❖ Becoming a parent representative for the Northwest Children's Palliative Care Networks.
- ❖ Or simply by receiving news and updates from us.

If you are interested in getting involved or finding out more, please contact Lizzi Aizlewood, Parent and Carer Involvement Facilitator:

parentvoices.count@nhs.net or on 07516943856.
